The method used by Women's Institute of Torah Seminary to determine which students receive Emergency Financial Aid Grants and how much they would receive is based on the expenses for food, course material, equipment needed to participate in the educational program due to the disruption of campus operations, travel home expenses and health care related expenses. Dependent students were awarded \$400 grants. All students enrolled are dependent students. The remaining \$880 was awarded to two students who enrolled in Fall 2020 and had documented additional need.

Students received the following instructions with their grants: "As per the CARES Act, these grants are to be used for expenses that are related to the disruption of campus operations due to COVID-19, including things like course materials and technology as well as food, housing, health care, and childcare."
